The Honorable Peter A. DeFazio  
Chairman  
Committee on Transportation and  
Infrastructure  
United States House of Representatives  
Washington, DC 20515

The Honorable Sam Graves  
Ranking Member  
Committee on Transportation and  
Infrastructure  
United States House of Representatives  
Washington, DC 20515

Dear Chairman DeFazio and Ranking Member Graves,

I am requesting funding for the Pennsylvania Turnpike/Interstate 95 Interchange Section C Project in the upcoming surface transportation reauthorization legislation. The entity to receive funding for this project is the Pennsylvania Turnpike Commission located at 700 South Eisenhower Boulevard, Middletown, PA 17057.

The funding will be used to reconstruct and widen approximately 2.5 miles of the mainline Pennsylvania Turnpike in Bensalem Township, located within my congressional district, from a four-lane to six-lane divided roadway typical section. Additional proposed improvements include the construction of associated mainline culvert extensions, stormwater management, and sound barrier walls. The proposed project is regionally significant and will reduce congestion on local Bucks County roadways and ultimately improve traffic flow in the greater Philadelphia region and along the entire Interstate 95 corridor.

I certify that neither I nor my immediate family has any financial interest in this project. Thank you for your consideration and attention to this request.

Sincerely,

A handwritten signature in blue ink that reads "Brian Fitzpatrick".
