7           prescribed by the Secretary, a sale of blended  
8           renewable natural gas shall be treated as a sale  
9           of renewable natural gas fuel if—

11           gas was blended with other compressed or  
12           liquefied natural gas, the taxpayer had a  
13           contract with the registered producer of

15                  of both renewable natural gas and other com-  
16                  pressed or liquefied natural gas.

17                  “(4) CERTIFICATION.—A certification is de-  
18                  scribed in this subparagraph if such certification—

19                         “(A) identifies the product produced and
