Dear Chairman DeFazio and Ranking Member Graves,

I am requesting funding for the Pennsylvania Turnpike/Interstate 95 Interchange Section D30 Project in the upcoming surface transportation reauthorization legislation. The entity to receive funding for this project is the Pennsylvania Turnpike Commission located at 700 South Eisenhower Boulevard, Middletown, PA 17057.

The funding will be used to reconstruct and widen approximately one mile of the mainline Pennsylvania Turnpike, located within my congressional district in Bristol Township, from a four-lane to six-lane divided roadway typical section. This will allow for the construction of the remaining six Pennsylvania Turnpike/Interstate 95 Interchange ramp movements. Additional proposed improvements include replacing a necessary mainline bridge over the Neshaminy Creek and the construction of mainline culvert extensions, stormwater management, adjacent sound barrier walls, and retaining walls. The proposed project is regionally significant and will reduce congestion on local Bucks County roadways and ultimately improve traffic flow in the greater Philadelphia region and along the entire Interstate 95 corridor.

I certify that neither I nor my immediate family has any financial interest in this project. Thank you for your consideration and attention to this request.

Sincerely,

A handwritten signature in blue ink that reads "Brian Fitzpatrick".
